

NEW PATENT PENDING

Power Post™ 4X Expandable Series

Leading Edge Design

- ▶ Clear enclosure cover for easy viewing of event counter/elapsed time meters
- ▶ New Optional 2.5" Diameter Riser Kit allows easy installation of piggyback plugs
- ▶ UL listed electrical control box keeps the electrician's work separate from the plumbers work
- ▶ All electrical wiring is located in a UL listed type 4X enclosure which prevents harmful septic gases and moisture from affecting electrical wiring

Power Post™ 4X – Expandable Series

The Power Post 4X– Expandable Series is a pump connection center, designed by you, for use in the onsite septic industry. Start your design using the base model of PP or MP. Expand from there using 120VAC or 230VAC

plugs, circuit breakers, alarm floats, filter floats, Versa'larm's, pump switches, riser connection kits, event counters, and pump run indicators.

- ▶ View event counter/elapsed time meters at a glance
- ▶ UL listed alarm and wiring connections

- ▶ Post rated for outdoor use
- ▶ Vented post
- ▶ Pump and alarm power connections
- ▶ Receptacle for pump and pump switch (120 VAC)
- ▶ Built-in high-water alarm, beacon and loud warbling buzzer
- ▶ Alarm test and silence switches
- ▶ Automatic buzzer reset circuit
- ▶ Optional float switch arrangements
- ▶ Optional 2.5" diameter riser connection kit
- ▶ Post is 4 feet tall

Mini Power Post™ 4X– Expandable Series

- ▶ View event counter/elapsed time meters at a glance
- ▶ UL listed alarm and wiring connections
- ▶ Post rated for outdoor use
